B. Answer the following questions in complete sentences, giving supporting quotes for all but #3. Your answers should have a minimum of **3** sentences in your own words.

- 1) Why were the Japanese afraid to leave the camps?
- 2) On her first day in school after being released from the camp, Jeanne reads aloud in class and another girl says, “Gee, I didn’t know you could speak English.” From that day on, Jeanne says, “part of me yearned to be invisible.” Why did she feel that way?
- 3) In chapter twenty-one, should Jeanne have protested when she found out the administration was fixing the vote? Why or why not? This is your opinion and you don’t need to support your answer from the text.
